# User Guide

The purpose of "Mountain Cottage" website is to help customers who want to book a vacation at the cottage and to make the communication between the cottage owner and the costumers better and faster.

Structure of the website:

- ➢ Home Page
- ➢ Gallery
- ➢ Contact
- ➢ Book a vacation

The *Home Page* gives an overall presentation of the content of the website and information about the facilities that the cottage has.

From the Home page the user can navigate through all pages using the menu buttons on the top right side of the page as shown in the following picture.

On the bottom of the page the user can see the facilities offered by the cottage

FACILITIES

Stunning view	Large living room	Cinema + playing room
Free Internet Access	3 comfortable bedrooms	2 amazing bathrooms

The *Gallery* page contains pictures of the cottage to help future customers to decide whether they want or not to spend their vacation here. On this page the user can also navigate to other pages using the menu from the top of the website.

The *Contact* page contains different ways in which a costumer can contact the owners, email address and the phone number and also the address of the cottage

Address

Spring's Rue, number 9
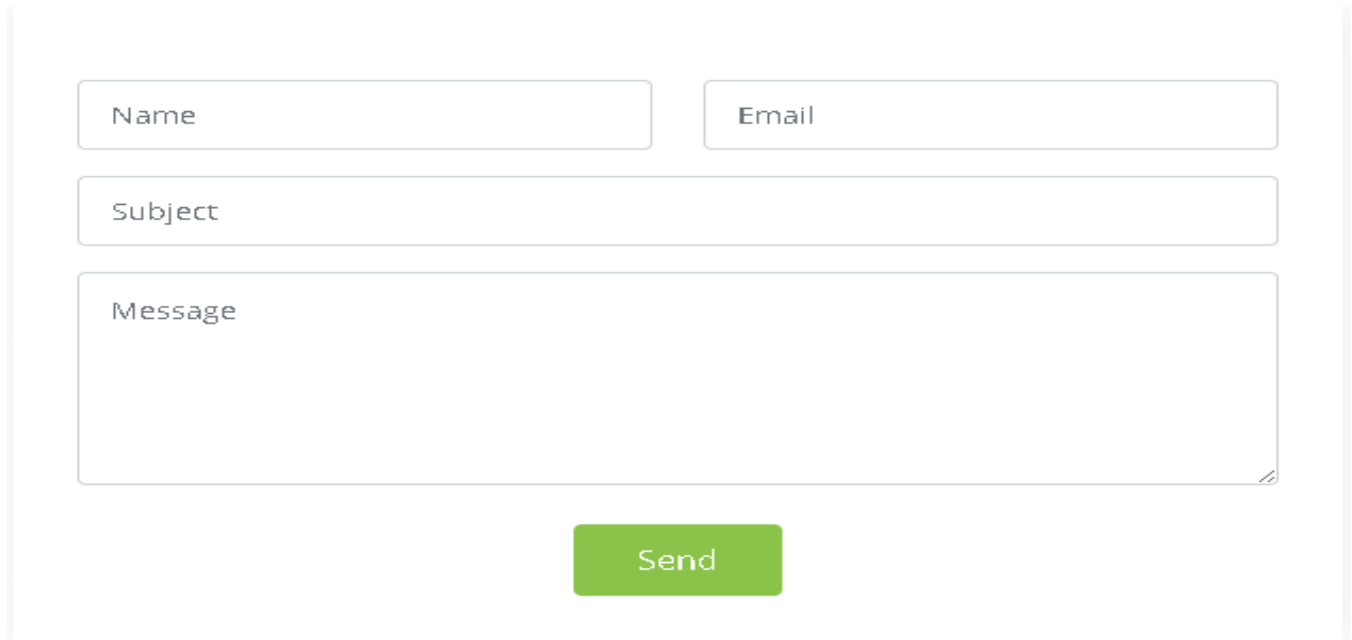

Email address

contact@MountainCottage.ro

Phone number

+40 12 789 325

The page also contains a form which customers can use in order to ask a question or to send a message to the cottage's owner.

The user will fill the form with their name, an email address, the main subject of the message, and the specific message.

The *Book a vacation* page contains a form which people who want to book the cottage during a specific period can use if they want to directly book it online.

The user will fill the form with their name, an email address and their phone number, the date from which their reservation will start and the number of nights they want to spend.

This page can be access from the menu and directly from the button on the *Home Page*
